

LIGHT SAVER LIGHTBOX

Performance & quality at a great value for single-sided lightboxes. Optimized for permanent installations and custom sizes between 19"x12" to 96"x96".

- 100mm deep with integrated wire management
- Easy assembly with two fasteners per corner and beefy L-shape corner locks
- Available in anodized silver or optional powder-coating
- Clean, bright white lighting at 6,000 degrees Kelvin

- Available for wall- or floor-mount applications; wall cleats or base plates provided for specified use
- Lit on two sides with Moss Illuminedge™ LEDs preinstalled on longest parallel sides; for lightboxes with sides 3.1' or shorter, LEDs are installed on a single side
- Energy-efficient components UL-approved for safety
- 2-year warranty
