## LIGHTBOX FEATURES

Combining proprietary lighting technologies and easy-to-install framing solutions, these indoor fabric lightboxes are perfect for trade shows, events, and retail stores. Our sleek and bright lightboxes are economical to operate and boldly display illuminated graphics.

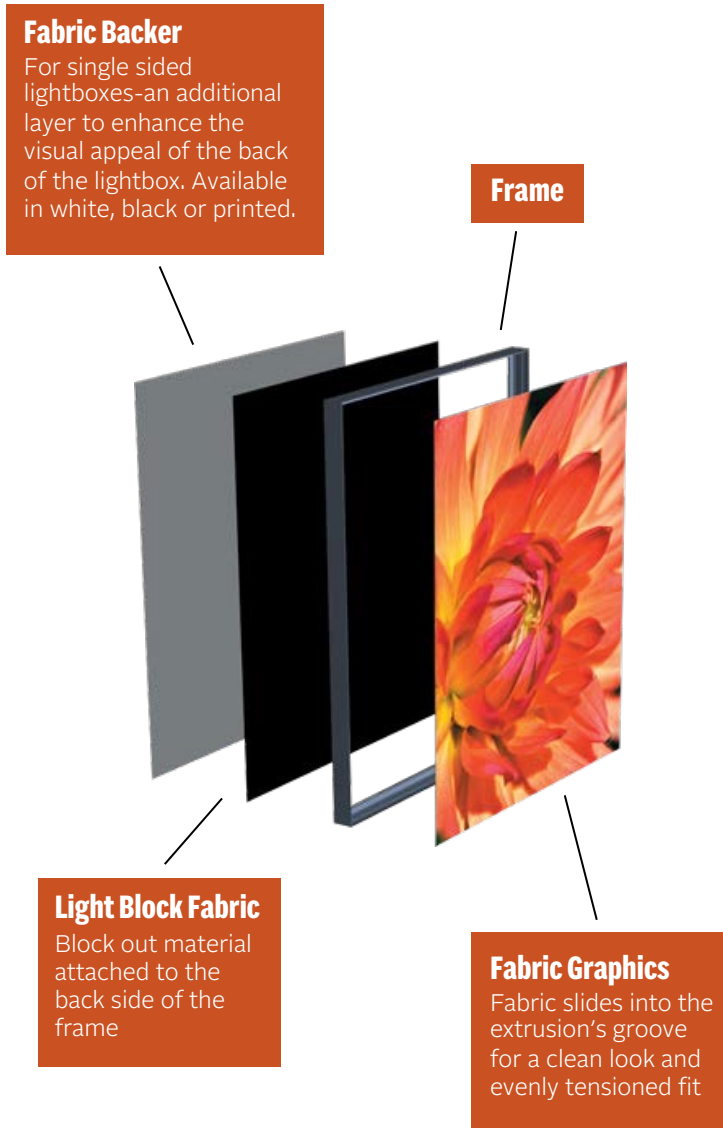

# ILLUMINEDGE™ LIGHTBOX

**This lightbox frame illuminates your fabric graphics from the perimeter of the sign. Illuminedge™ is a budget-friendly single or double-sided solution with energy-efficient LED technology exclusive to Moss.**

Installation and graphic replacements are easy, minimizing installation costs. No loose parts or fasteners are necessary, and our Tension Lock system provides for a fast setup.

**LEARN MORE**

## DETAILS

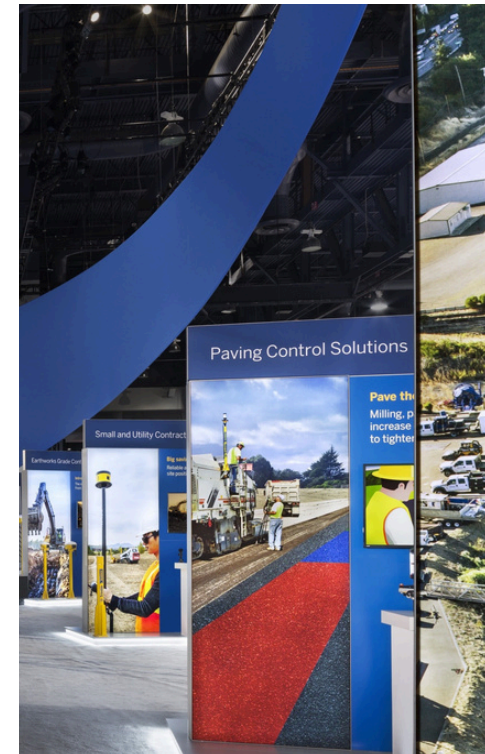

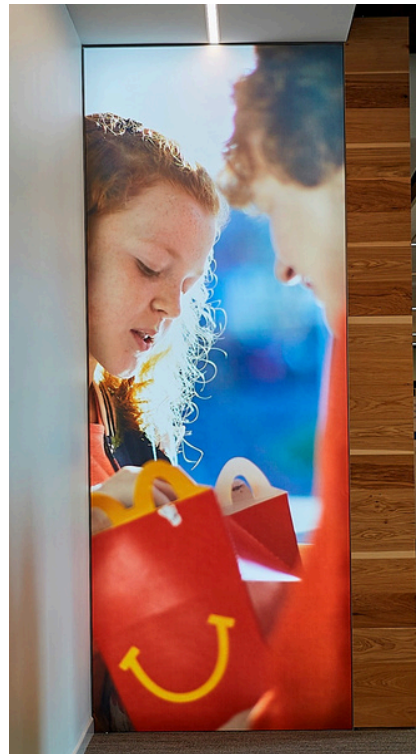

- Available in heights ranging from 22" to 120" and widths starting at 28" with no maximum restriction
- Custom sizes available
- Rentals available in sizes 48" x 72", 60" x 96", and 120" x 96"
- Compact and lightweight fabric graphics reduce shipping costs
- A clean, tensioned fit is ensured with our unique tension strip
- Fabric is durable and machine-washable for easy cleaning
- LED modules are an energy-efficient lighting solution, with a long LED life
- Install lightbox freestanding, wall mounted or hanging-ships disassembled

# LIGHT SAVER LIGHTBOX

**Ideal for small or medium sizes, Light Saver is a cost-conscious solution for single-sided lightboxes.**

Highly efficient to manufacture, this lightbox provides unrivaled quality at a great value. With LED lighting on two sides of the frame instead of the standard four sides, the manufacturing process and assembly are quicker and easier than ever.
